THE CAMERON HERALD

ESTABLISHED 1860

VOLUME NUMBER 95 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY, Thursday, January 6, 1955 — NUMBER 39

Cameron Area Totals 14.68 Inches Rainfall During 1954

The Cameron area has suffered one of the worst droughts in recent years during 1954 according to official records held at the Cameron Water Department.

A total of only 14.68 inches moisture fell on this area with the 3.55 total that fell in November, 1954, being the highest. The month of May recorded a total of 3.02 inches for the second largest amount to fall during the year. On the other hand, June had the least amount of precipitation with no rain fall recorded.

Nineteen-fifty-four proved to be considerably dry when compared to the 42.12 inches that fell in the moist 1953 year. The 14.68 inches are far below the average rainfall for this county, which is approximately 30 inches.

The past year, 1954, grabbed the spotlight in both the weather picture and general news as the year was one of the driest on record. Prior to 1954, the year 1948 was the driest on record when approximately 20 inches were recorded. The third driest in Central Texas was in 1925 when approximately 22 inches fell. The year, 1952, only about 28 inches of rain fell, but the drough was broken by the heavy rainfall in 1953.

The heavy dust storms in February and high winds that prevailed throughout the year were also put on record. The month of May, which recorded the second highest rainfall for any month during the year, brought to Milam county several tornadoes which resulted in destruction of many homes and injuring several persons, one critically that later resulted in death.

The lowest temperature for the year was on January 22 when a minimum temperature of 19 degrees was recorded. The higest reading was on July 25, August 10 and August 30 when the mercury reached 106 degrees.

January rainfall, 1.50; Maximum temperature 82 degrees on January 20; Minimum on Jan. 22, 19 degrees.

February rainfall, .58; Maximum temperature 90 degrees on Feb. 26 Minimum, 27 degrees on Feb. 8.

March rainfall,. 40; Maximum temperature 91 degrees on March 10; Minimum, 29 degrees on March 14.

Aprfl rainfall, 2.29; Maximum temperature, 90 degrees on April 7, 15; Minimum temperature, 37 degrees.

May rainfall, 3.02; Maximum temperature 94 on May 31; Minimum temperature 42.

June rainfall, none; Maximum temperature, 99 degrees on June 30; 60 degrees on June 4 was the lowest.

July rainfall, .78; Maximum temperature, 106 degrees on July 25; minimum, 70 degrees on July 7.

August rainfall, .09; Maximum temperature, 106 degrees on August 10, Aug. 30; Minimum, 71 degrees on Aug. 11.

September rainfall, .47; Maximum temperature, 100 degrees on Sept. 2, 19, and 20; Minimum temperatures, 56 degrees on Sept. 23.

October rainfall, 1.59; Maximum temperature, 97 degrees on Oct. 12; Minimum temperature on Oct. 30, 36 degrees.

November rainfall, 3.55; Maximum temperature 81 degrees on November 16; Minimum temperature, 34 degrees on Nov. 6.

December rainfall, .41; Maximum temperature, 85 degrees on Dec. 4; Minimum temperature, 30 degrees on December 30.

Council Meeting Unusual Tues. Nite

Jimmy Wiggs, president of the Junior Chamber of Commerce, presenting the first place award of a $25 Savings Bond to J. C. "Blondie" Brashear, winner of the Christmas Home Decoration contest in Cameron.

Standing next to Mr. Wiggs, (left of picture) is Mrs. W. R. Newton, third place winner and receipient of the $10 award. Standing next to Mrs. Newton is Mrs. James Barr, who was awarded $15 for her display which won second place.

City Fathers Vote To Pay $25 Reward To Stop City Vandalism

Councilmen gave the impression they were saving their "ace in the hole" at their council meeting in the City Hall at 7:30 Tuesday night.

The short-lived meeting, which was adjourned at shortly past 9 p. m., was unusual in many respects. Gene Blake sat tight-lipped through most of the meeting, Milton Schiller conducted very little business across the board but around to the side with whispers, Robert Weems was back at the session after several weeks illness ready for action to improve city drawbacks and hazards, John Anders added a touch of humor by inserting an extra $10,000 into the monthly income of the city which passed over the councilmens heads, un-noticed, Roy Griffith, after flicking over the page for paying the food bills for the prisoners in the city jail noticed that the same guests had been registering at that establishment for many years. Mayor O. B. Horstmann alone stayed in pocket, keeping the train of thought in a concentrated area long enought to receive a second to a motion or put the discussed matter in the hands of the correct committee for further investigation.

The first matter dropped in the matter of putting sewer lines where they were needed and asked for. He forcefully suggested that the the block to Charlie Reynolds houses, stating that would catch four rent houses of W. T. Whatleys and two houses owned by Reynolds. Councilmen reminded Weems that Whatley had promised to tie onto the trunk line in another area, where several of his rent houses are located, and has not yet done so even though the line has been laid for a year. No definite decision was made.

Councilmen mulled the matter for several minutes, stating that several parties owning rent houses, including Whatley, John Henderson and the Cox's, who are financially able should be made to install inside facilities. No definite decision was made.

Next item broached was the free weekly garbage pick-up voted in at the last meeting. No date was set. A tanget was started when Weems stated that all of the tin cans have been picked up pretty well and are being hauled to the O. J. Thomas school yard where they are being dumped in a "duck pond" and will later be covered with grass. He added that he would need some three loads of asphalt, 15,000 pounds to the load, to fill insome of the holes in the streets within the city which need tending to.

It was noted that the house numbers and the blinker sign to be installed have arrived and that two post office employees have offered to do the job of placing them on the houses throughout town for 20 cents per house. The street committee was authorized to meet with the men and see if satisfactory arrangments can be made and make their report to the council at its next regular meeting.

The matter of the ultimate cost of feeding prisioners at the city jail, with no profit from them in time or effort for their board, was brought up. No solution was reached.

In the water committees report, made by chairman of that committee, Anders, it was shown that the city paid as much for its water last month as it charged, 17 cents per thousand gallons.

Councilmen discussed Jackson Street and the need for completely renovating the road due to many excavations to the water line which has made it unsuitable. No decision was recorded.

It was then stated that the Warren Taxi Company had reported they were out of business, and an application had been made by another person for a taxi company. The matter was tabled.

They then discussed whether or not it is necessary for taxi-cabs to carry more liability insurance than they now have and the matter was referred to the ordianance committee for their investigation and report at the next meeting.

Vandalism was then discussed at length by the council followed sometime later by the motion, which carried, that the city will pay $25 reward to anyone offering information leading to the arrest and conviction of anyone destroying street lights, street signs or other city property. The motion passed unanimously.

Many instances of vandalism in the city were itimized, damage to the buildings and restrooms in the city park; heedless destruction of public property at Ledbetter park; the pre-meditated breaking out of street lights and window panes in city buildings; and tearing down or otherwise tampering with the newly purchased, expensive street signs.

Weems stated that many people in the city limits are ruining the streets and stopping up the sewer line causing rain water to back up onto lawns by burning debris in the ditches and on the streets.

The motion was made and passed that Roy Baskin, City Attorney, be empowered to put a notice in the press for people to stop burning their trash in ditches or on the streets.

Next Weems cited several instances where the parking of large trucks beside or in front of business houses hamper traffic and prove impassable to the fire truck or other large vehicles.

Anders stated that the council could stop all of the trucks from parking at all the businesses but thought it would be wrong to make certain businesses adhere to the rule and let the others continue to use the streets for loading or unloading.

After more discussion and no conclusions the meeting was adjourned.

Over 100 Have Respiratory Disease In Milam

Milam county is suffering from an influx of a respiratory disease simulating influenza, with 100 cases reported on the Health Units report ending Saturday, January 1.

Next on the list submitted by Dr. John B. Bryson, head of the unit, was virus Pnenmonitis with diarerhea and vomiting, with 20 cases reported.

Also listed on the report were six cases of strept throat, four cases of pertussis, three of gonorrhea, one of syphilis and one of tuberculosis.

Three Persons Injured In 2-Car Accident

A near head-on collision resulted in the injuries of three persons at 8:15 a. m. Sunday. 3.2 miles west of Rockdale on U. S. Highway 79.

Jessie W. West of Rockdale was admitted to Richards Clinic in Rockdale with a brain concussion. Furst McNeil Moore of Rockdale was admitted for observation and treatment. Vincent Dale Mullins, driver of one of the autos involved, and stationed at Fort Sam Houston, San Antonio, suffered a broken knee and bruises.

Moore, who was driving a 1953 Dodge attempted to pass another car in the foggy weather. When he applied his brakes his auto went into a sideways skid and hit the 1952 Plymouth sedan, driven by Mullins, in the right side. West was a passenger in the Dodge.

Investigating officers Otis Hilderbrandt and John Blansit reported that both cars were totally damaged. Passing with insufficient clearance will be filed against Moore.

Joel Rex McClaren Enters Steers, Cows In Houston Show

Joel Rex McClaren, young agriculturist of Cameron, Texas has entered two steers and a nurse cow in the junior livestock division of the 1955 Houston Fat Stock Show, February 2 through 13.

The all important event of picking the grand champion will be held in the rodeo arena on the night of February 3. The next morning at 9:00 a. m. all of the livestock grand champions and the ribbon winning steers will go under the auctioneer's gravel for traditionally high premium prices paid by Houston business men and organizations.

Headlining the world's champion rodeo this year will be the popular Gene Autry and hard-riding, fast-shooting television star Annie Oakley.

The rodeo will be held in the newly remodeled air-conditioned, Coliseum with sealed ceiling, escalators and a moving sidewalk.

The box office reports an exceptionally heavy advance reservation of tickets and out-of-towners wishing to attend the rodeo are advised to make their reservations in advance.

Billy Fontaine of the Jones Prairie community and Miss Margie Wooten of Beaumont were married in a double-ring ceremony Sunday Dec. 26, with only a few friends present. They visited his father, R. K. Fontaine and Mrs. Fontaine at Jones Prairie last Monday. Mother of the groom is Mrs. Mariette Urbanec of Oceanside, California.

Milam County Is Russian "Off-Limits" Area

Milam county was among the more than 100 Texas counties closed to travel for Russian citizens, United Press reported Monday.

Land area, covering one-fourth of the United States was declared off limits to Russians today in reprisal against similar curbs against Americans in the Soviet Union.

Although no reason was given for this county being declared off limit it was assumed that the Rockdale Alcoa plant, which would be a vital defense industry in wartime, apparently was the reason. Also included in Central Texas were Bell, Falls and Williamson counties.

The new U. S. rules, effective immediately, apply to all Soviet citizens in this country except about 50 accredited to the United Nations as employees of the U. N. Secretariat. Officials estimated about 400 Russians, officials and their families are affected.

U. S. officials would not go into detail as to how the prohibited areas were selected. They said there were many considerations, the two chief criteria being "reciprocity and security."

GREAT NIECES BORN

Mrs. Luther McDonald announces the birth of two great-nieces.

Elizabeth Ann, born Nov. 15 to Mr. and Mrs. Hughey White of Burnswick, N. J.

Crystal Ann, born Oct. 28 to Mr. and Mrs. Ira Frost of Orange.

Hughey White formely lived at Sharp. Mrs. Frost was the former Myrle Reichert.

Mr. and Mrs. James Carter of Austin visited her parents Mr. and Mrs. Frank Eichinger during the holidays.

Public Endorses Sewer Ordinances For Inside Facilities In Residences

Sewer Ordinances Written In Specific Terms of Appreciation

Home owners and renters all over the city of Cameron are voicing complaints about the inadequacacies of their or their neighbors sewage facilities.

In 1925 the City of Cameron passed a logical and well written sewer ordianance necessitating the installation of inside privy facilities in privately owned, rental or business houses, with a $100 fine to be imposed on those failing to comply. Yet the outhouse and its odors and its accompanying liability, flies, are still prevalent in the city. At one point, named privy row by some, on the new Temple highway (from where houses are located in any number on the outskirts of the city up as far as the Newton Memorial Hospital) over 30 privies, some lined up with as many as four to the unsightly row, are evident.

Many of these homes, rented by both white and colored people, are owned by a handfull of people. They all agree with Mrs. Jake Richards, who is renting in that vicinity, "I'd sure like to get inside facilities, it would take care of a lot of odor and flies."

At another point, on 3½ Street six rental houses, occupied by colored people, are within an easy 15 feet of a sewer line which was laid over a year ago and still suffer the indignity of an outside toilet. One of these occupants, Irene Kearney stated she would certainly be glad if the houses were supplied with inside sewers, "I sure get tired of shoo'ing flies" she

All over town, where the rash of outhouses is bad, the feeling seems to be the same.

First calling attention to the problem were John Trochta, owner of a grocery store on 7½ street, and his neighbor Charlie Reynolds.

Trochta, who has inside bathroom facilities, reported that his most immediate problem is having three outhouses, within a few feet of each other, directly adjacent to his property and responsible for odors and flies, particularly in the summer-time, which make living in that area almost impossible and anything but pleasant.

Reynolds, who lives on east Jefferson, has outside toilet facilities, which have proved obnoxious to him and his family. He stated that he is ready to tie on to a sewer line, as are five other houses on the block but the sewer line has not been carried close enough to the houses to make the laying of a sewer line on their property feasible. If the city would lay a section of line one Block long, or 210 feet, six houses would be serviced. Reynolds said.

Another problem facing these people is the fact that they can not get their outside privies cleaned in this day and age. Most of those contacted reported that their toilets were last cleaned in February, almost one year ago, adding to the health hazard side of the city sewer problem story.

Copied below are three sections from the Sewer Ordinance taken from the City Ordinances of the City of Cameron written in 1925 and still in effect.

Section 1. That all owners or occupants of buildings or agents for the said owners, situated in any section of the City where a City Sewer now exists, or where it may hereafter exist, or where the property line of the land on which any such building is situated approaches or extends to and within 100 fee of any such Sewer, are hereby required to construct or cause to be constructed suitable water closets on their property, and connect the same with the City Sewer under the supervicion of the City Engineer.

And it shall be the duty of any such property owners or agents of the same occupants of such property to keep and maintain said water closet and connections thereof in perfect condition, and free from any obstruction, and it shall be unlawful for any person or persons to build or use any privy vault above or below the ground, in the City of Cameron, on any lot or parcel of land, the property linen of

(See "Council", back page)

"Taxpayer Assistance Days" Set Each Monday At Local City Hall

District Director of Internal Revenue R. L. Phinney announced today that each Monday during January 1955 has been set aside in Cameron, Texas as "Taxpayer Assistance Days" for taxpayers who find it necessary to visit the local Internal Revenue Office at City Hall Building for aid in preparing their returns. Personnel will be on duty between 8:15 a. m. and 1:00 p. m. to render assistance. Taxpayers are urged to take note of the dates: January 3, 10, 17, 24 and 31, and should watch their newspapers for future announcements designating such days during February, March and April.

Phinney stated that due to curtailment of funds and shortage of personnel this year, assistance must be limited to helping taxpayers prepare their own returns. Generally, the only taxpayers for whom returns will actually be prepared will include the physically handicapped; taxpayers in low income groups who are unable to read or write; and non-English speaking taxpayers with simple tax problems. Taxpayers with business-type returns or with complicated problems should seek professional tax assistance.

Taxpayers assistance is an expensive operationn, Phinney said. In this region alone, which comprises the states of Texas, New Mexico, Arkansas, Oklahoma and Louisiana, the cost last year was $312,737. to assist only seven percent of the region's seven and a half million taxpayers. Actually this was a decline from the preceding year, but still required the services of 350 employees during much of the filing period for a total of 175,000 man hours.

Phinney stated that with a little study of the instruction booklets they receive with their forms the great majority of taxpayers will be able to prepare and file their own returns by carefully following the instructions as they relate to each succeeding section of the form.

District Basketball Games To Start January 18; Double Round Robin

Coach Dick Young described the District basketball teams as comparitively weak this year, with none of the teams as strong as they have been in the past.

He predicted that, if the teams keep going in the same manner they have been in these first few non-district games Georgetown will come out of the season as district winners. He added, however, that the Cameron team is really the "dark horse" of the district and the boys on the team are physically able with "plenty of fire after they get started" but still a little deficient in team-work and self-confidence. The coach said that if the boys get a share of these intangibles working on their side they are going to be a hard team to beat and will probably wind up with the championship banner.

District play, in the form of a double round robin with one game at home and one away, will begin January 14. This first game, against the strongest team in the district, Georgetown will be at the local gymnasium.

January 18 the Yoemen will travel to Rockdale for the second game of the district season. January 21 - Belton at Cameron; January 25 - Cameron at Rosebud; January 28, - Cameron at Taylor; February 1 - Cameron at Georgetown; February 4 - Rockdale at Cameron; February 8 - Cameron at Belton; February 11 - Rosebud at Cameron and the final game will be Taylor at Cameron.

The coach stated that several tournaments have been entered so that the boys can get some actual experience and in an effort to weld them into a working team.

First Traffic Victim For 1955 Recorded in Milam County Monday

A two-car collision at the intersection of State Highway 36 and U. S. Highway 79 claimed Milam county's first traffic fatality of 1955 January 3.

Jesse Bugard Atkinson, 59, of Channelview, Texas, was killed instantly when the 1948 Chevrolet pickup he was driving and a 1950 Pontiac sedan, driven by Robert Braden, Air Force cadet at Lackland AFB, San Antonio, collided.

Seriously injured in the collision were Mr. Atkinson's wife, Mrs. Ida E. Atkinson, and the Atkinsons' daughter, Miss Lucille Ruth Atkinson. The two women, along with Braden and Lowell D. Corbin, also a Lackland cadet, who was a passenger in Braden's car, were taken to Richards clinic in Rockdale for examination.

The accident occurred about 11 a. m. The vehicle driven by Braden was approaching the intersection heading west on U. S. 79 and Atkinson's vehicle was approaching the intersection on Highway 36, heading southeast.

Highway patroimen Otis Hilderbrandt and John Blansit of Cameron, who investigated the collission, said the Pontiac skidded 49 feet before the impact and 26 feet after impact while the pickup was knocked 16 feet and four inches from the point of impact.

An eye witness to the accident, W. B. Rubey of Houston, left his name with officers and agreed to be available for questioning if desired.

The accident is still under investigation by Patrolman Hilderbrandt.

Atkinson's body was taken to Phillips and Luckey funeral hime in Rockdale.

Representative Herman Yezak To Be Here Saturday

State Representative Herman Yezak of Bremond will be in Cameron on Saturday morning Jan. 9 for convenience of citizens of this area.

Yezak will be available for consultation with individuals and groups regarding any legislation that is likely to be considered by the Texas Legislature when it convenes in Austin on January 11.

He is serving as State Representation in the Texas House of Representatives for District 56 composed of Milam and Robertson Counties. He pointed out that suggestions and recommendations will be welcomed and and problems that he is in a position to solve he will gladly render any assistance possible.

While in Cameron he will be located on the first floor of the Courthouse."

Mrs. Mary Macal Dies At Her Home Here January 4

Funeral services for Mrs. Mary Macal, who died at her home in Cameron Jan. 4, were scheduled at 10 a. m. Thursday, Jan. 6 at the chapel of Marek-Burns funeral home with Rev. H. E. Beseda, pastor, Czech-Moravian Church, Caldwell, officiating. Interment in Oak Hill Cemetery.

Mrs. Macal was born in Europe Oct. 21, 1891 and had lived in Cameron for the past 28 years.

She is survived by three daughters, Mrs. Alvin Roznos, Mrs. Helen Vorubsky, and Mrs. Bessie Kopriva, all of Cameron; two brothers, Joe Shimek of California and John Shimek of Granger.

Also surviving are four grandchildren.

Representative To Visit Here

The regular visit of the Social Security Representative to Cameron, Texas, will be Tuesday, Jan. 11, 1955. You are invited to contact this representative at the Dept. of Public Welfare at 1:00 p. m.

This community service is offered by the Austin office of the Social Security Administration for the convenience of residents of this area.

Elizabeth Newton Honors Junior Class At Open House

Elizabeth Newton held an open house at the Country Club Tuesday evening, December 28, in honor of the Junior Class of Yoe High school

Over 100 high school students and students home from college were in attendance at the semi-formal party where they danced to the tunes on the juke box.

The Club was decorated in holiday decorations with the refreshment table covered with a polka dot cloth with matching napkins. A centerpiece of wrought iron reindeer pulling a sleigh full of candies was flanked by candles in matching candlelabra.

Mrs. W. R. Newton, mother of the hostess, served sandwiches, cookies and punch to those attending, assisted by her mother, Mrs. S. T. Nichols of Arkansas who has been visiting the Newtons over the Christmas holidays.

Out of town guests were Mr. and Mrs. Joe Zalmek of Caldwell and their daughter Beverly.

–DIAPER DATA–

The birth of a six pound, four and one-half ounce baby girl, Jane Lou, at 4:19 p. m. December 12 to Mr. and Mrs. Robert Lane, Jr. of Cameron.

The birth of seven pound, eight ounce John Perry, the new son of Mr. and Mrs. J. J. Petru at 10:05 p. m. December 12.

Sandra Jean, an eight pound, seven ounce baby girl was born to Mr. and Mrs. L. Davis of Caldwell

Mr. and Mrs. L. J. Vansa of Buckholts are the parents of an eight pound, seven ounce baby boy, named Stanley Don, born at 8:39 a. m. December 14.

Lana Gayle is the new eight pound, two ounce baby girl of Mr. and Mrs. R. L. Boyls of Burlingtonn. She was born at 7:26 p. m. December 15.

Juanita is the new seven pound, two ounce daughter of Mr. and Mrs. S. Jackson of Cameron. She was born at 7:53 a. m. December 16.

Mr. and Mrs. E. C. Biehle of Rockdale are the parents of a new baby son named Barry Wayne. The seven pound 11 ounce boy was born at 2:37 p. m December 17.

Mr. and Mrs. A. F. Matula of Cameron have a new baby girl whom they named Kathryn Elaine. At birth, 12:47 a. m. December 21, she weighed six pounds and seven ounces.

At 12:02 a. m. on December 24 Mr. and Mrs. M. L. Derby of Cameron became the parents of a new daughter. She weighed six pounds and four ounces at birth and has been named Florence Lee.

"Clear and Simple"

When questions affecting economics and the function of government become political controversies, they innevitably are surrounded with an almost impenetrable verbal smog.

That has certainly happened in the case of the Administration's plan for having private enterprise build a $107,000,000 plant for supplying power needed by a huge Atomic Energy Commission installation in Arkansas.

The builders will do the job with private money, not tax money; they will take their chances on their estimates of cost being correct. And they will pay heavy taxes on any profits earned. The interests of the government and the AEC -- which means the public interest -- are fully protected in the contract. Yet this plan has been denounced as a "give-away," and as an effort to undermine TVA, by those who want TVA to supply the power on a tax-subsidized, tax-free basis, and extend socialization of electricity.

President Eisenhower's answer to that is irrefutable. He said, "It seems to me that there has been a very great deal of talk and argument--much of it partisan-- about issues that are really clear and simple. No one in this administration has any intention of destroying or damaging TVA.... But this is not the same thing as fastening on the federal government a continuing and never-ending responsibility which I frankly do not believe is logical nor in the long run, in the best interests of the country.

If unlimited socialism is right for the TVA area, it is right for all areas. Then we would wind up with a socialized federal power monopoly. The President doesn't want that. Neither does the majority of people.

Miss Louise Jamison of Luling spent the holidays with her mother, Mrs. J. A. Jamison

Reddy Kilowatt Quiz #1

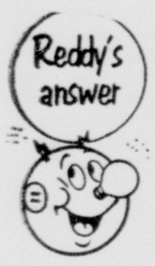
the cost of living has gone UP 64% since 1943

What has happened to the cost of TP&L residential electric service during that same period of time?

down 26% ☐
same ☐
up 50% ☐

See Reddy's answer elsewhere on this page.

TEXAS POWER & LIGHT COMPANY



The average cost per kilowatt hour for TP&L electric service is actually 26% *less* than it was in 1943. Electricity is one of the very few services or commodities the price of which is less today than 10 years ago. The average cost per kilowatt hour for TP&L service to residential users today is 3.69 cents as compared with 5.02 cents in 1943.

Jury Commission Chooses Jurors

A Jury Commission composed of three Milam County men met Wednesday to determine Petit and Grand Jurors for the January sessions in Judge O. D. Graham's District Court.

The three men, G. W. McLain of Cameron, Nelson Davis of Sharp and W. P. Hogan of Rockdale had the task of selecting 180 names for the Petit Jury and 16 Grand Jurors.

Carroll Jungman Enters Shorthorn Steer In Stock Show

When was the last time you drove a Ford?

If you haven't stepped inside a 1955 Ford and tried new Trigger-Torque power you don't know how much fun driving can be

If you haven't driven a Ford *lately*, you're in for a thrilling experience.

For, this Ford is totally unlike any car you've ever taken for a spin . . . unless you've put a Ford *Thunderbird* through its paces. The Thunderbird inspired the styling in all 16 of Ford's new models this year.

Inside Ford's Luxury Lounge interior you'll find fresh new two-tone colors . . . rich new fabrics . . . totally new door paneling . . and a sweeping new control panel.

And the way this '55 Ford behaves is something which only a Test Drive can describe. But here's a hint: Ford's new Trigger-Torque power responds to your wishes in as little as 7/100 of a second . . . and this power is yours in Ford's new 162-h.p. Y-block V-8, 182-h.p. Y-block Special V-8 or a new 120-h.p. I-block Six.

There are many, many *more* surprises in this completely new Ford. To get the *full* story, take a Test Drive!

Come in for a Test Drive and you'll want to drive it home

Ways and Means To Raise Funds Discussed At Kiwanis Meeting

Ways and means to raise funds for club projects were discussed at the Kiwanis Club weekly meeting in the Milam Coffee Shop.

Wiley Loughmiller, president, served as chairman for the open forum where suggestions were made for increasing the funds. At the conclusion of the discussion it was decided that the first project would be to benefit the underprivileged children in Cameron.

A committee headed by Guy Clements, with committeemen Dr. John Bryson and Ed Manning were elected to investigate the possibility of planning some money-raising project in the near future.

Chairmen for the Kiwanias Committees in 1955 are: Boys and Girls Work - Guy Clement; Key Clubs - Guy Clement; Under - privileged Children - Dr. John B. Bryson; Vocational Guidance - Forrest Sapp; Agriculture and Conservation - L. R. Thompson; Public And Business Affairs - Robert C. Nelson; Support of Churches - Pat M. Sanders.

Administration of the organization is as follows: Achievement reports - Wiley W. Loughmiller; Attendance and Membership - Leland Green, III; Finance - Edward J. Manning; House - Dr. C. H. Howard, Jr; Inter- Club Relations- Jerry B. Schiller; Kiwanis Education and Fellowship - Bassel Wilson; Laws and Regulations - William C. Black; Program and Music - Fred M. Carroll; Public Relations - John A. Florida, Jr.; and Reception - Earl Curtis.

Mid-Term Exams Slated To Begin At Local Schools

Cameron children returned to their studies at school Monday morning after a two week vacation, to begin another year of regular and extra-curricula activities.

Wiley Loughmiller, principal of Ada Henderson and Ben Milam schools, announced that they had 20 new pupils to register today. The mid-term exams will start in these schools January 15 for their two day run.

In the Yoe High School halls all the talk is about the mid-term exams which will be held at various times for the courses up until the end of the first semester, January 21.

They lost one pupil today.

No Births Recorded At Local Hospitals Since 1955 Began

There have been no new citizens in Cameron since 1955 began! Cameron's first New Year baby is yet to be born according to the local hospitals officials.

With the year three days old now, the staffs at Newton Memorial Hospital and St. Edward Hospital are still waiting for the first youngster of 1955 to be born.

Fundamental Research Important To Industry

The genesis of all material progress is found in endless research and experiment. Articles running the gamut from machines to drugs may have their roots in discoveries that were made in past centuries and which had no practical value at the time. They may be the whole which is made up of parts contributed by scores or even hundreds of scientists, living in different eras and different lands.

The December issue of Fortune offers a graphic example of this. The newest addition to the arts and techniques of mass communication is television. The first experimental U. S. broadcasts were made only about a quarter - century ago and the first regular broadcasts didn't start until 1939. Progress in both broadcasting and receiving equipment has been astonishing. But, as Fortune points out, television never had an inventor. It was, instead, a development, and is the result of a century and a half of experimentation and research, "much of it conducted by inspired dreamers who had no way of knowing where their work was leading". Scientists from a long list of nations made essential contributions- the United States, Italy, Frances, England, Germany, Holland and Sweden.

It is obvious that, in these chaotic and swift moving times, any nation which fails to keep up with the march of research -- both fundamental and applied -- is inviting trouble. And, according to an article contributed to the Journal of Commerce by William C. Foster, president of the Manufacturing Chemists' Association, we are lagging behind in fundamental research -- "both in comparison with our needs and with advances in other countries, particularly Soviet Russia." He points out, indidentally, that it is difficult to narrowly define the term fundamental research, and for the purposes of his discussion he regards it as any research which produces new fundamental knowledge. Also, he does not think that the scientist engaged in fundamental knowledge. Also, he does not think that the scientist engaged in fundamental research should be regarded as superior to one engaged in application research -- that is, research which has a definite objective, whether it be a new drug or a new bomb. Both types of research, he believes, are of equal importance.

Much fundamental research is done by industries. Yet there are obstacles here. As Mr. Foster says, "most fundamental research is high speculative." A business concern naturally expects its research investment, like any other investment, to show a reasonable return in a reasonable length of time. The shorter - range objectives usually are given precedence. So, to quote him again, "Experience has shown that industrial laboratories are not the environment best suited to produce results in fundamental research."

As a consequence, a number of companies, both within and without the chemical industry (which budgets some $300,000,000 a year for research) are making substantial contributions to college, university and other laboratories removed from the commercial world. The only restriction is that the funds be used for fundamental research alone.

In Mr. Foster's view, "The problem is here now, but the solution is a long way off. More support, both moral and financial, is needed, and American industry has the greatest reason to provide it." It is clearly a problem that affects not only our prospects for future material advancement, but our security and survival as a free nation.

New Henderson Baby Just Arrived

Just arrived! At the Methodist Hospital in Houston December 30, diminutive baby girl named Janet Kay. Parents are Mr. and Mrs. J. B. Henderson.

Mrs. Henderson is the former Edna Patzke, daughter of Mr. and Mrs. A. H. Patzke of Jones Prairie.

Henry Horelica's Of Houston Visit Here

Mr. and Mrs. Henry Horelica, former reisdents of Cameron and now living in Houston, visited here over the weekend. They visited in the home of her parents, Mr. and Mrs. R. H. Mueck and his mother, Mrs. Millie F. Horelica.

They returned to their home in Houston, accompanied by their son Henry who had remained here for a two week visit during the holidays.

Knights Of Pythias Elect New Officers

Meeting in regular convention at 7:30 last Monday evening, Dec. 27, the Knights of Pythias of Milam Lodge Number 125 elected officers to serve the Lodge for the semi-annual term beginning January 1.

Elected were A. J. Smith Chancellor Commander, James Cryer vice chancellor, Wiley W. Loughmiller, prelate, H. L. Harris Master of Works, other officers will be appointed by the incoming officers.

Installation of Officers has been postponed until Monday night Jan. 10 due to the absence of some of the officers.

All members of Milam Lodge No. 125 are urged to attend, refreshments will be served.

-Magician Needed-

Ray Tucker, the nationally syndicated Washington Columnist, has effectively blasted the claim that the last election amounted to a mandate for more socialized federal electric power development.

Mr. Tucker chose the state of Oregon as an example -- and it certainly is an excellent one. In that state, the victor, by a very slim margin, in the race for the U. S. Senate was an all - out federal power advocate. However, in three Oregon counties the voters had a chance to pass on measures direct and only issue, uncomplicated by other factors. In all three cases, the public power side was decisively beaten, by margins running as high as four - to - one. And in these counties, the newly-elected Senator either led his opponent, or came close.

What is the significance of this? It's obvious enough. The Senatorial winner was elected because of other issues and considerations, minor role. There can be no other reasonable interpretation.

And that isn't all. In one of the Oregon Congressional contests, a major party candidate made public power almost his sole issue. He is the head of an association which wants the federal government to build a high dam on the Snake River a matter which has been debated on a national scale for many months. This candidate, who virtually shot the works on public power, was defeated by a substantial margin.

It would take a magician to find a mandate for socialized power in the Oregon election.

Civic Choruses To Meet Next Week

Mrs. Mark C. Magers, directors of the Civic Choruses, the Choralettes, Choraleers and the Children and Cherubs, announced today that their regular practice sessions will resume the second week in January.

Children and Cherubs will meet at their regular hours Tuesday.

This is about YOU and your telephone service

PLEASING you is the big job of the 25,600 telephone men and women in Texas.

How well did we do that job in 1954? We hope you liked the speed and courtesy of your telephone service. As one busy year ends and another begins, this a good time to pause and take stock.

1954 was a busy year

The year 1954 was a busy one for the people who furnish your telephone service. To give you some idea of some of the accomplishments of 1954, we've arranged the highlights in the form of a box score below.

We tried especially hard all year to be friendly, cooperative, and pleasant to deal with. We worked out new ways to handle your calls faster and better.

To serve Texas farm families better, we added 3,000 telephones in the rural areas last year. This brought to 90,000 the number of telephones in service on the farms and ranches in Texas at the end of the year. As rapidly as our finances permit, we are replacing crank-type telephones with lift-the-receiver and dial telephones. A healthy farm economy is essential to the progress of Texas, and we want to do our part by seeing that Texas farmers and ranchers have good, dependable telephone service.

The financial side of the story

It's not easy to keep earnings up when expenses are rising rapidly and when you have to keep investing additional huge sums of money to keep pace with the growing needs of Texas. But, we're glad to report, the telephone company's earnings showed some improvement in 1954.

As we put more money into new telephone facilities, at present day prices, our expenses increase also, because it takes more money to operate the larger telephone system. Operating expenses last year were highest in the company's history and we must expect further increases in 1955.

The problem is to make it "good business" to continue investing additional huge sums of money for more telephone facilities in Texas.

More expansion in 1955

You can look forward to more telephone progress in Texas in 1955. During the year we plan to add 86,000 more telephones in Texas for new families, new business concerns. We will enlarge telephone buildings and erect new buildings where needed... continue the expansion of the network of outside lines and cables... and enlarge and make more storm-proof the long distance lines throughout the state.

At the start of this new year, Texas telephone people rededicate themselves to the big job that lies ahead... to furnish you the kind of service you want, when and where you want it.

W. L. PREHN,
General Manager

THE 1954 BOX SCORE OF TELEPHONE PROGRESS IN TEXAS

We carried out an $80 million construction program in Texas.

- We placed 85,670 poles and 681,000 miles of wire.
- We changed 30 towns to dial service.
- We erected 53 new buildings, enlarged 13 other telephone buildings.
- We added complex new equipment in 63 central offices.
- We added 85,000 telephones in Texas.
- We placed 26,000 circuit miles of storm-resistant cable and radio relay to protect service from bad weather interruptions.
- We provided good jobs for 25,600 Texans.
- We had a $97 million telephone payroll.
- We paid $53,000,000 in Federal, state and local taxes.

Mrs. Mariettle Urbanec of Oceanside, Calif. came by plane to Waco and met by friends for the funeral of Mrs. Carl Black at Cameron. She visited her son and new daughter-in-law, Mr. and Mrs. Billy Fontaine of Beaumont before returning home.

Mr. and Mrs. Marvin Hickman spent the holidays with her mother, Mrs. M. P. Carroll of Houston.

The most attractive filling station we know of is the dining room.

West Trojans Thrash Yoes In Cage Games

Sparked by Richard Hill and Jerry Nichols, West's Trojans pummelled the Cameron Yoemen, 65-38, at West Tuesday night.

Hill scored 22 points and Nichols dominated the backboards and grabbed 20 rebounds.

Joseph Michalka was Cameron's star with 20 points.

West also won the B team game handily, 48-27, with Johnny Matush scoring 12 points. Steve Polzer was the high point man of the game, though and led Cameron with 14 points.

The Yoemen enter the Georgetown tourney Friday and Saturday.

Alva Sanders To Speak At Buckholts Meeting January 10

An Adult Education meeting will be held Monday night, Jan. 10 at 7:30 p. m. in the Buckholts gymnasium.

Alva Sanders of the Milam County ASC office in Cameron will be guest speaker and give the ASC Program for 1955 and discuss the 1955 cotton allotment program for this county.

C. Titsworth, agricultural instructor at Buckholts High School, stated that everyone was invited and especially Milam farmers and ranchers. Approximately 100 people attend these meetings that are scheduled regularly.

CARD OF THANKS

The family of Billy Joe Gibbs sincerely thanks all of those sending floral offerings and for their many other acts of kindness on the death of our loved one.

Mrs. Josie Gibbs

Service of Lights To Be Held At Episcopal Church

Service of Lights at All Saint's Episcopal Church on the Epiphany, Jan. 6, will begin at 6 p. m. This feast day is more famous as the "Twelfth Night", a Christian celebration of the visit of the Wise Men, which is commonly mistaken as part of the Christmas story.

Service of Lights or Epiphany is and ancient tradition in the Christian Churches.

One of the main features is the lighting of tapers from candles on the altar for each one present shortly before the end of the services.

The old tradition to reach home with the lights still burning carries symbolic to the lighted Christ in the home and brings good luck for year.

Rev. James McKeown, rector, said that the services were particularity attractive to children. The community was extended a most cordial invitation to attend and take part the rector stated.

Craddock's Entertain Guests Over New Year Holidays

Mr. and Mrs. Kirby Outon of Clarksville, Texas visited here, in Taylor and in Austin the past week. While here they visited Mrs. Craddock, Swanzy's, Green's and Crosby homes. On Friday this group visited in Crosby, Texas with Mr. and Mrs. QQuarles Cooper and children and in their homes. They visited in Miss Ima McCoy's Taylor home and Saturday all met in Austin in Mrs. Mary Outon's home with her children. Twenty seven plates were served for New Year dinner. Mr. Outon was reared near Taylor and visited with many friends and old places in his childhood and in theirteen relatives homes.

Mr. and Mrs. J. C. Marek were business visitors in Temple Tuesday morning.

C. P. Robison Dies Monday

C. P. Robison passed away in Bryan Monday, January 3.

Services were slated to be held at 11 p. m., January 5, from the Callway - Jones Funeral Home chapel in Bryan with Reverend Mallard Brown of Bryan officiating.

Interment was in Oak Hill Cemetery in Cameron with Marek-Burns in charge of local arrangements.

Survivors include his wife, Mittie Robison of Bryan; two sons, Ray Robison of Cameron and Rex Robison of Franklin; five daughters, Mrs. John White of Wichita Falls, Mrs. Floyd Golden of Dallas, Mrs. Sybil Richardson of Bryan, Mrs. Elmo Jasper of Bryan, and Mrs. Gene Edmonds of Floydada; one brother, Perry Robison of Memphis, Texas; and six grand children.

Burleson County Child Born At St. Edwards

The first baby to arrive at Saint Edward Hospital in 1955 was the 6 pound, 5 ounce son born to Mr. and Mrs. Pascual Luna of Chriesman Texas, which is located in Burleson County.

The son, not yet named, arrived at 5:03 p. m. Tuesday, Jan. 4.

No births at Newton Memorial Hospital have been registered thus far in 1955, and Cameron's first new year baby is yet to be born at either hospital.

Zarosky's Visit Relatives Here This Week

Mr. and Mrs. Edward Zarosky and family are visiting with relatives in Cameron this week. They moved to Cibolo, Texas approximately one year ago from Cameron.

Mr. Zarosky reported that the drouth in that area is even worse than it is here, with San Antonio, located close by receiving only 13 inches of rain and Cibolo getting even less than that.

Holiday guests in the home of Mr. and Mrs. J. L. Slaughter were Mr. and Mrs. Yale Rice and son Mark of Lubbock, Staff Sgt. and Mrs. Jack Reavis and son Craig of Waco, also Mr. John Benson of Oklahoma City.

Cotton Buyers Say Some Cotton Sold In Cameron

Cotton buyers in Cameron announced this week that there has been a flurry of buying since the beginning of the holiday season.

They stated that the buying was from farmers who had put their cotton aside in hopes that the market price would go up, but he added that the price has not advanced and the current price for Middlin seven-eights cotton is still

The importance of LOW SHELF PRICES to food shoppers

Food "specials" can be deceptive unless regular, everyday shelf prices are low, too. The plain truth of the matter is: You lose the "savings" that you get when you buy "specials unless the "other" items on your shopping list are lowin price, too. It is Safeway policy to bring you special buys — and the lowest possible pricesevery day on regular shelf items. Listed in th is advertisement are 54 of our hundreds of re-duced, regular shelf prices - the items that you buy day in and day out — week in and week out — year in and year out. If you're paying more for these items, then, you're losing money — a considerable sum of money when you consider that there are 52 shopping weeks in a year. Smart shoppers have learned from experience that it's Safeway for the greatest food savings in Cameron Be sure — shop Safeway!

Engagement of Joyce Ann Bolger To Wiley Mangum, Jr. Announced

Mr. and Mrs. Patrick A. Bolger of Bronxville, N. Y. have announced the engagement of their daughter, Ann Joyce, to Mr. Wiley Preston Mangum, Jr., son of Mr. and Mrs. Mangum of Temple, Texas.

Miss Bolger was graduated from Regis College, Weston, Mass., and is a Case Worker with the Westchester County Department of Family and Child Welfare.

Mr. Mangum, a Yoe High School graduate, attended the University of Texas where he was a member of Delta Sigma Phi Fraternity, and is presently serving with the U. S. Navy. A spring wedding is planned.

The Mangums moved from Cameron to Temple within the past two years.

Deep Oil Test Being Drilled Near Rockdale By Texas Gulf Sulphur

It was reported today that the Texas Gulf Sulphur Co. No. 1 Fee, wildcat west of Milano in Milam County, was drilling at 3,105 feet on a 9,000-foot permit.

However, Boyd Griffith, tool pusher was not available to verify the reported depth, and members of the drilling crew were not authorized to divulge the information.

The wildcat, Milam's recent second deep test, is being drilled on Texas Gulf property, the Baker tract, located some 5½ miles northeast of Rockdale and a smimilar distance northwest of Milano.

Another deep test was drilled near Gause by Byrd Oil Company of Dallas a year ago. This try at depth was completed a fuel gas well.

Results of operations on the Baker tract in trying to discover deep oil in Milam County are eagerly awaited by Milam property owners.

Texas Gulf's wildcat is located south of the Minerva Field being developed by the Houston - Oklahoma Oil Company of E. H. O'Neal property. Drilling in the Minerva field has been to the shallow oil reserve at depths of between 1200 and 1300 feet. Wells averaging 30 barrels per day have been reported from that area.

Higher School Tax Rate Is Requested

AUSTIN, Jan. 3--A higher tax rate should be allowed independent school districts so they can solve the tough problem of providing necessary classrooms, the State Board of Education said today.

The suggestion was one of more than a dozen approved by the board for submission to Gov. Allan Shivers and the 54th Legislature at its session beginning next week.

The board proposed that school districts be allowed to levy two separate taxes, one for maintenance and operation of schools and the other for servicing of school bonds.

It did not suggest now much the rates should be but said the amount of bonds issued should not exceed a specific percentage of a district's assessed valuation.

Districts presently are limited to a single local tax of $1.50 per $100 valuation with not more than 50 cents of that levy to be used for bond retirement.

Although committed to a policy of not lobbying for or against any specific legislation, the board approved its legislative committee's report, which said in part:

"Providing school facilities to meet the ever-increasing number of pupils enrolling in the public schools of Texas constitutes one of the most serious problems confront school districts.

"The problem will become more acute in the next six years if local the show which opens Feb. 28 and school districts in the state do not provide the 10,000 additional classrooms that reliable estimates indicate will be needed by 1960.

Milk Bowl Is Prime Mover

Over the counter purchases of milk and milk products in Texas can be increased by not less than ten per cent through the promotional activity of The National Milk Bowl, "the world series" of small-fry football, without in any way commercializing the famed classic, according to Eugene C. Weafer, executive director of The Milk Bowl, Inc., Bryan, Texas.

"Advertising milk and motivating youngsters to drink milk are two different matters", according to Weafer. "In the second technique, The Milk Bowl can be a prime mover, especially among youngsters up to fifteen years of age.

The sixth annual Milk Bowl, played at Kerrville, on December 11, saw St. Joseph's Catholic Church, Denver defeat St. Luke's Methodist Church, Houston by 13-0.

Previous sites of the Bowl were at Cameron, Waco, Marlin, Rosenberg, and Lufkin. Youngsters throughout the country look forward to the possibility of the free vacation in Texas offered to the out of state team selected to play the outstanding Texas team.

Austin Stock Show Entry Deadline January 15

Central Texas livestock exhibitors have been reminded that entries for the Greater 1955 Austin Livestock Show close on Jan. 15.

The reminder was sent out by Jim Thacker, General Manager of runs through March 6.

The show again will be held on the city coliseum grounds. Huge tents will house the livestock exhibits. Judging and sales will be held in the coliseum building.

As in previous years the Junior Championship Rodeo will be the show's nighttime feature attraction.

According to Thacker, every available inch of ground will be utilized for the 1955 show making the show about one-third larger than the highly successful show last spring.

The 1955 show again will feature sections for adult breeders and exhibitors and one for juniors. The adult breeders will take over the show on the opening day; the juniors taking over for the last half of the show's run.

Premium monies total 18,000, the largest in the history of the show.

Dinner guests New Years day in the H. C. Pope home were Mr. and Mrs. H. T. Pope and Joe Pope, all of Friendship; Mr. and Mrs. M. E. Pope and children and Mr. and Mrs. R. J. Pope and family, all of Alice; and Mr. and Mrs J. D. Pope of Sharp.

First Texas Closed Telecast Produced

The state's first closed-circuit telecast was used Monday afternoon by Humble Oil & Refining Company to introduce a new high octane gasoline, soon to be on the market.

Through the medium of television, Humble was able to introduce the new product to 4,000 agents, dealers, and sales people all over the state at the same moment. The one-hour announcement program originated in Dallas and was transmitted via coaxial cable to auditoriums in 10 cities over the state where Humble representatives were waiting.

The story of the new gasoline -- called "Esso Extra for '55"....was told through demonstrations and graphic illustrations by sales and refining specialists. Humble research scientists termed it " the highest octane motor gasoline ever marketed in Texas" and said it resulted from a "long range research program aimed at producing the best fuel for the high-compression engines of 1955."

Sales Manager F. A. Watts told his salesmen, "the new Esso Extra for '55 will improve the performance of any car, but especially the new high-compression models.' G. A. Mabry, Advertising Manager, outlined an extensive advertisng and sales promotion campaign to introduce the product, beginning Friday, January 7.

Among cities receiving the closed circuit TV program were Dallas, San Antonio, Temple, Fort Worth and Houston, and Austin, all on the coaxial cable.

Scout Troop 83 To Meet Thursday

Boy Scout troop 83 will hold their first meeting for the new year at the scout hut in Ledbetter park Thursday night, January 6, at 7:30.

Regular business will be conducted, Scout master Allen Dodson, announced and it is hoped that a Court of Honor will be held the first week in February.

Victor Mueck Visits Here During Christmas Holidays

Victor Mueck, son of Mr. and Mrs. Louis Mueck of Cameron, spent the Christmas holidays at home.

Victor is a graduate of the 1954 class at Yoe High School and entered Draughon's Business College Sept. 13. At present he is attending night classes, taking a course in Radio and Television Electronics. During the day he is working at Lone Star Gas Co. as Junior Clerk in Stationery Dept.

Home & Garden Club Enjoys Yule Party

The Home and Garden Club of Jones Prairie held the annual holiday party in the home of Mrs. S. M. Harrell recently.

The rooms were decorated in Yule colors and a beautiful Christmas tree held gifts for all.

Games and Christmas carols made up the recreation period.

Mrs. C. M. Zarosky accompanied by her son, Bernard Zarosky of Robstown and his fiance, Miss Mary Zdonsky of Corpus Christi spent the New Years holidays visiting in and around Cameron. The Zarosky-Zdonsky wedding will take place February 15.

Pecan pie, coffee or tea and mints were served to 15 members and 4 guests.

BENEFIT 42 PARTY

The Catholic Youth Organization of Burlington is sponsoring a 42 party at the Parochial School building January 9, beginning at 7 o'clock p. m. The funds are to go on the new cross at the Catholic Cemetery at Burlington.

Ford Motor Company's new "800" series, full three-plow tractors, are designed for heavy work in all types of soil. Shown above is the 860 model, equipped with live power take-off. It and the 850 model both are powered by Ford's field-proven "Red Tiger" engine with power increased by 30 per cent, and both have five-speed transmissions. Another power series, the "600" with three models, also is offered by Ford for 1955, marking the first time in the almost half-century history of Ford tractor production that the Company has offered more than a single size tractor. Both the 600 and 800 series are equipped with headlights and taillight as standard equipment.

25 Years Of Progress In The Meat Industry

How do meat prices of today compare with those of 25 years ago?

Almost anyone would answer that they're much higher now. That is true, if only dollars - and cents figures are considered. But they are cheaper in terms of the amount of time the average industrial worker has to put in to earn the money to buy his meat.

To use two illustrations, in 1929 it took this worker 40 minutes to earn the price of a pound of round steak and 47 minutes in the case of a pound of ham. Now the figures are 30 minutes and 24 minutes respectively.

Many diverse factors have made that salutary development possible One of them is the remarkably economical and efficient job done by the meat packers -- the concerns that see to it that consumers in every far-flung reach of this vast country can obtain whatever cuts of meat they want when they want them. Impossible as it may seem, packers frequently sell dressed beef for less money than they paid for the animal on the hoof. They make up the difference, pay their overhead costs, and earn a small profit through the sale of non-edible by-products, such as hides that go to leather good and glands that are the source of medicines.

Meat packing is a fine example of the kind of competitive enterprise that has built and continues to build our living standards.

Joe D. Zajicek Enters Jr. Livestock In Fat Stock Show

Joe Dean Zajicek, FFA Chapter member of Buckholts, Texas has entered a Shorthorn scramble steer in the junior livestock division of the 1955 Houston Fat Stock Show, February 2 through 13.

An outstanding steer show of approximately 700 animals is expected, John Kuykendall, livestock manager, said. Entries are being limited to that number in order to provide space for junior breeding cattle which is a new division this year.

News About Your Social Security

In our last issue we mentioned the 3 ways social security benefits are increased for workers retiring in the future.

1-Counting Higher Earnings.

Under the old law, only $3600 of earnings in a year could be counted toward benefits. The new law covers earnings up to $4200 in a year, starting in 1955.

2-Dropping Out Years of Low (or No) Income.

Under the old law, your average earnings could be pulled down by years in which you had low or no earnings at all. If you meet certain requirements, up to 4 low-earning years can be dropped out in figuring your average earnings.

If you have had 5 or more years of covered work, a fifth year can be dropped out. This will increase the amount of your average earnings which means that your benefit will be higher.

3-Using a New Formula.

Under the newlaw a worker's retirement payment is figured by taxing 55 per cent of the first $110 of his average monthly earnings and adding 20 per centofthereof his average monthly earnings and adding 20 per cent of theremainder up to $240 of his average earnings. There are certain limits above which family benefits cannot go. The total monthly amount cannot exceed 80 per cent of the worker's average monthly earnings, or $200, whichever is less.

Track Made Ready For Spring Events

A new look at the Yoe stadium will welcome the track season to Cameron this spring. A completely new cinder topping has been completed on the track, Coach Leo Jackson announced.

Whereas the old straight away was a total of 150 yards, the new one has been extended 83 yards for a total straight away of 220 yards.

The track season is one of the big Interscholastic spring events at Yoe High School with the Cameron Relays, an annual event, highlighting the season. The meet has been scheduled for March 26, Jackson reported.

Last year approximately 600 boys from 40 schools participated in the meet with Temple High walking off with first place. This year even a greater number of athletics from more schools are expected with the improvement of the track.

The district meet this spring will be held at Taylor, with a definite date not yet set. Last year Georgetown placed first, Killeen second and Cameron came in third at the meet. The track district includes Belton, Taylor, Georgetown, Rockdale, Cameron, Rosebud and Killeen.

For Christmas day dinner in the home of Mr. and Mrs. J. A. Dudik and family were her parents, Mr. and Mrs. John Chudej and Raymond of Buckholts; Mr. and Mrs. Adrain Fikes and family of Waco; Mr. and Mrs. A. Galler and son of San Antonio and Mr. and Mrs. Johnnie Chudej of Houston.

Mrs. Leo Fuchs Entertains "42" Leisure Club

Mrs. Leo Fuchs entertained the members of the "42" Leisure Club at her home Tuesday night, December 28.

Mrs. L. F. Slama and Mrs. Richard Hollas tied for high score for the evening with Mrs. Leo Laake winning the 84 prize.

Table cuts went to Mrs. W. W. Balhorn, Mrs. Henry McLane and Mrs. Willie Mees.

Refreshments of sandwiches, fruit cake, candy and salted nuts were served buffet style from the dining table.

Mrs. Fuchs served pineapple punch and Mrs. Laake presided at the coffee service.

Guest at the meeting was Mrs. Norma Mees.

Their next regular meeting will be Thursday, January 6, at the home of Mrs. John Matyastik.

Pvt. Billy Streicher Stationed Over Seas

Private Billy Streicker, stationed in Pendleton, Missouri, for the past four months has been sent to Japan where he will be stationed for the next 18 months.

He graduated from the Army mechanic school and will be doing that type work in Japan with the Armed Forces.

Billy is the son of Mr. and Mrs. Walter Streicker of Cameron.

"Bubba" Kennon And Son Visit Mother, Mrs. N. H. Butts

R. P Kennon and his son Phillip, of North Hollywood, California, visited with Mr. Kennon's mother, Mrs. N. H. Butts, here over the Christmas holidays.

Mr. Kennon, who is manager of the Walt Disney chain of service stations in California, returned home to visit with his family for the first time in 13 years. He and his son, who visited relatives in other towns in Texas during their stay, will return via plane to their home this Saturday.

Other visitors in Mrs. Butts' home over the holidays were Mr. and Mrs. Rolf Kronenworth, her daughter and son in law, of Houston and Mr. and Mrs. Wayne Miller and children of Oklahoma City.

Michael Ray Kincer Observes 3rd Birthday At Party

Michael Ray Kincer, son of Mr. and Mrs. Bill Kincer of Houston, celebrated his third birthday December 23 with a party at the home of his grandparents, Mr. and Mrs. Frank Tomek, Sr., of Cameron.

Colorful balloons and the holiday theme decorated the Tomek home for this occasion. Each little guest received a miniature Santa Claus and reindeer full of candies.

The dining table, covered with a linen cloth, held the birthday cake, which was flanked on either side by a Santa Claus. Cake, ice cream and iced drinks were served by Mrs. Tomek, assisted by Michael Ray's mother, Mrs. Kincer, his aunt, Mrs. W. K. Leonard, Jr., and Miss Carol Ann Leonard.

Attending were the honoree, Michael, Frank and John Hanel, Pamela Kay Mitchan, Gertrude Tepera, George Pavilik, and Barbara Tomek.

NAME
ADDRESS
CITY ZONE STATE

What's in it for *you*?

Every Texan profits in a large way from every barrel of crude oil and every cubic foot of natural gas produced in the State.

Directly. Taxes paid by the petroleum industry to support all agencies of the State Government, including schools, old age assistance, and welfare institutions, totaled $170 million in 1954, more than a third of all the taxes collected by the State. And, in addition, the industry pays millions in other taxes to counties, school districts, and municipalities.

Indirect profits are even greater. Industry employees receive and spend about $850 million a year; royalty and lease payments to landowners add up to $500 million. Most of this money passes promptly into trade channels.

As a result, you'll find oil dollars on every balance sheet in Texas and in every bank account, including your own.

...But you can't figure profits in money alone.

The *chief* profit from the production of oil and natural gas rests in what these fuels *do*: In the miles you cover with your car... in heat for your home... in the usefulness of articles made from petroleum hydrocarbons... in the power that moves long trains across the continent and turns the wheels of the large industrial plants.

This profit Texans share with all Americans. It is reflected in the American standard of living, which is the world's highest; and it provides a dividend of national security, because a well developed, efficiently operated petroleum industry is one of the major resources in the U. S. arsenal for national defense.

COUNCIL —

which, at any point, extends to within a distance of 100 feet of a City Sewer. All persons now having such privies in such localities are hereby required to abate the same within 90 days after notice, by the City attorney, to do so, and to construct and put in water closets and connect the same with the City Sewer, as require by this ordinance.

Section 2. It shall be unlawful for the owner or occupant of any building situated on a lot extending within 100 feet of any Sewer of the City any portion of which said building is used for any purpose, during any portion of the day, to fail to have at least one water closet connected with the City Sewer within 90 days after notice from the City Attorney, to do so, and to fail to have said water closets suitable arranged for the use of a urinal, unless a separate urinal is provided.

Section 7. That every person who omits or refuses to comply with or who resists or willfully violates any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not to exceed One Hundred Dollars. ($100.00)

Miss Velma Chollett Becomes Bride Of William A. Spicak In Church Ceremony

Miss Velma Chollett, daughter of Mr. and Mrs. Arthur Chollett of Route 2, Cameron, became the bride of William A. Spicak son of Mr. and Mrs. John Spicak of Cameron in a double ring ceremony on December 16 at 3 o'clock in the afternoon in the Evangelical and Reformed Church at Ben Arnold. Rev. Albert Petrich read the marriage vows before the altar which was decorated with bouquets of white chrysanthemums.

Mrs. Max Schutze, great aunt of the bride rendered the traditional wedding music. The Rev. Robert Kalkbrenner sang The Lord's Prayer.

The bride, given in marriage by her father wore a Chantilla lace nylon net gown which extended into a long train. Her fingertip veil of nylon net and lace fell from a crown of tiny white bugle beads. She carried a bouquet of white carnations with long white satin streamers. The bride carried out the old tradition of something old, something new, something borrowed, something blue and a penny in her shoe.

Mrs. Louise Chollett, cousin of the bride, served as matron of honor wearing a gown of orchid net over taffeta.

Miss Joyce Glaser and Miss Darene Chollett, sister of the bride, were bridesmaids wearing gowns of rose and lime green.

Lester Chollett, brother of the bride, served as best man and the groomsmen were Willie Ray Hoff and Roy Gene Schuetze.

Ushers were Lee Roy Chollett and Edwin Eixman.

The bride's mother wore a toast brown suit with brown accessories, The groom's mother wore a grey suit with black accessories. Each wore a corsage of white carnations.

A reception was held following the ceremony at the home of the bride's parents.

The traditional four tiered wedding cake, topped with a minature bride and groom centered the bride's table.

The bride's going away suit was of red gaberdine with black accessories. Her corsage was of white carnations taken from her bouquet.

After a short wedding trip the couple will make their home in Cameron, where the groom is employed.

PUBLIC HEATH PICTURE

A flood, two epidemics, and a bad polio season marred the public health picture in Texas during 1954, a review of health department activity shows.

In late June the Rio Grande, maddened by 10 to 20 inch rains, ran wild through five border counties. The highest flood crests in the river's history inundated vulable water treatment plants, increasing the danger of water-borne disease outbreaks. Public health engineers put plants back into operation within nine days. This, and emergency vaccination programs, forstalled a crisis.

In August an epidemic of mosquito-borne encephalitis struck hundreds of victims in Hidalgo County. State Health Department laboratory experts identified the cause as Saint Louis virus, which had never before occured in epidemic form in this area.

Psittacosis in isolated flocks of turkeys plagued health officials all spring and summer. The first outbreak 48 employees of a Corsicana packing plant in May. Other cases cropped up in scattered areas, but the disease was finally smothered by a tight program of flock sanitation.

The year just past was both disheartening and encouraging concerning polio. It was disheartening because 3107 cases made 1954 the second worst polio year in state history; encouraging because of the high hopes held for the success of the Salk vaccine field trials of last spring.

Some 35,000 Texas second-graders took part in the field trials, and state and county health officials since then have been quietly collecting blood samples and recording data which must be analyzed before the true significance of the vaccine will be known. Results will be announced next spring.

Recent guests in the Jim Cryer home were Mr. and Mrs. Arthur McLean of Rogers, Mr. and Mrs. J. E. Cryer and family of Selesbee, and Mr. and Mrs. Marvin Stewart of Little Rock, Ark.
